MEMORANDUM FOR: Chief, Administrative Staff, NPIC

ATTENTION:

25X1A

SUBJECT:

Field Engineer

25X1A

1. The Army Map Service is currently accelerating its efforts to determine the technical performance aspects of the [REDACTED] Electronic Rectifier located in their building. [REDACTED] is preparing the evaluation report and requires more than the normal assistance by the [REDACTED] Field Engineer [REDACTED]. To help in accomplishing this evaluation [REDACTED] has agreed to work such overtime as may be required. I would like, therefore, for [REDACTED] to be authorized to permit [REDACTED] to work such prescribed overtime and bill NPIC accordingly.

2. The results of the evaluation may determine the course of action for NPIC to take concerning possible further modifications to NPIC's electronic rectifier, which is currently at the [REDACTED] plant but scheduled for delivery to an unspecified location within the Washington area in the near future.

25X1A

3. Due to the potential significance of the evaluation report, it is felt imperative that such overtime authorization be granted.
